Parenting Tip of the Month: Tip 141

Summer days are upon us, a perfect time to unwind a little and spend some quality time as a family. Playing outdoor and indoor games, walking in nature, having water balloon fights and taking time to thank God for our many blessings are all ways to build relationships with each other. Children need to be well connected to their family in order to feel safe, secure and important. Time together is the best way to build these significant bonds. Family Ministry Office.

Marriage Tip of the Month: Tip 121

Finances are one of the major issues that cause angst in couple relationships, but you can take control of the situation to prevent problems. Sit down at least once a month and look in detail over your expenses, income and upcoming obligations; do a short weekly check-in. Each person should know exactly how much money there is for "free" spending and how much is needed for financial obligations. Discussing your priorities, compromising on expenditures when necessary and living by the motto that you will spend less in a month than you take in, can prevent stress that impacts the love you feel for each other. Family Ministry Office.
